

## **Private Training Policy**

- A group of **organized individuals** (coach, players, etc.) **MUST** have a permit to use a field.
- If a **group** has moved out to any other field that is locked or not in use, they must have a permit and insurance.
  - If they do not move, they are considered trespassing and the police should be called
- Any non-organized group (Parent and Child, siblings, etc.) can play on any **open** field
  - **If the gates are locked to all Soccer Fields, they are considered trespassing!!**

### **DEFINITION OF A GROUP** (immediate concerns)

- 10 or more people of an organization/club
- Any organized individuals such as a team with coaches
- Any coach training an athlete in a “1 on 1” type session or paid training

**NOT A GROUP** = Parent and child playing soccer; brothers and sisters of rentals playing together, etc.

**NOT A CONCERN:** School aged kids get together to play around on a field (example: High school kids playing frisbee) or general pick-up games. Can move to an open field until a rental starts.

### **Helpful tip that applies to all Park rental questions:**

*Can't make money off the Park without a permit to do so*

Examples: Training sessions, private training, exercise classes, etc.
